### Kirtland Warbler Tour May 19th

Kirtland's Warbler Day will be held on Saturday, May 19th on the Kirtland Community College campus.

The day will start at 9 a.m. sharp, with a car tour caravan leaving from the college's Student Center Building to search for the Warbler. Jerry Weinrich, a DNR research biologist, will conduct the tour. The tour will end at noon back at the Student Center. Lunch will be provided by the Audubon Society.

At 1 p.m., a presentation will be made by Dr. Sylvia Taylor, of the DNR's Wildlife Division in Lansing. Dr. Taylor will be discussing the non-game check off on State income tax, in conjunction with the Kirtland's Warbler.

The Audubon's annual board meeting will be conducted later that same afternoon.

### Open House at High School May 23

The week of May 19th thru 26th is Michigan Week and the staff and students of Gravling High School will be holding an "Open House" on Wednesday, May 23.

Between the hours of 9 - 11 a.m. and 1 - 3 p.m., interested community members are invited to tour classrooms and high school facilities with National Honor Society members acting as guides. All tours will begin in the High School Library where refreshments will be served.

### Hanson Park To Host **Turkey Shoot May 27**

On Sunday, May 27, Grayling's Hanson Park will host their second annual Memorial Day Turkey Shoot. Shooting events will get underway at 10 a.m. Sunday morning and continue throughout the day. Included in the day's events are black powder shoots, a running deer target for rifle, shotgun events, and pistol events. Two very popular events last year were the cannon shoot and the dynamite shoot. Both of these events will be repeated this year. There will also be events for archers and a BB Gun event will be available for the younger set.

The Hanson Park lunch counter will be open throughout

the day. The video arcade will also be available for play. There is no admission charge for the Turkey Shoot and spectators are more than welcome. Participants will be charged for the various events which they enter.

At 4 p.m. in the afternoon, Hanson Park will give away a Browning Automatic 22 calibre rifle. Tickets for that drawing are presently available at Skip's Sport Shop and at Hanson Park.

### **Memorial Day Parade** Set for 10 a.m. May 28

The annual Grayling Memorial Day parade will start at 10 a.m., Monday, May 28, under director of parade marshall Art Thayer. Girl and Boy Scouts, Little League players, and bicyclists are urged to join in this year's parade. Others wishing to participate should be at the cemetery along North Down River Rd. at 9:30 a.m. parade day or call Art Thayer for more information. A complete list of ceremonies will be listed in next week's issue.

### Range Firing Conducted

Range firing will be conducted at Camp Grayling during the period 16 May 84 thru 23 May 84.

Firing will be in the following areas on the dates and

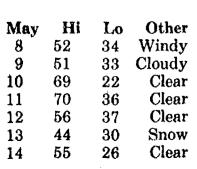

times as indicated. The Small Arms Ranges located west of Lake Margrethe, north of Howe Rd, east of the gas pipeline and south of Portage Creek, Firing will begin at 8:00 a.m. 19 May

84 and cease at 5:00 PM 20 May 84. The Range 30 Complex located north of North Down River Rd, east of Jones Lake Rd, south of County Rd 612, and west of Damoth Truck Trail. Firing will begin at 7:30 AM 19

Preliminary investigation indicates the fires were set and anyone seeing a four-wheel drive vehicle in that area May 7 should call the DNR field office or the sheriff department's anonymous tip line, extension 3000.

Another fire was reported May 7 in woods along Pioneer Rd. in South Branch Twp. Prompt response by the South Branch fire dept. kept the blaze confined to several downed trees and grass. The fire was reported at 2:35 p.m.

### **Growth Slowdown Forces** City to Reduce Budget

By Jon Thompson

city of Grayling is partly responsible for a proposed 1984-85 budget that is about \$213,000 less than last year's proposed budget.

Growth in the city has been slower than hoped for following boom years in 1972-79 when major expansion took place in the city's industrial park and along I-75 business loop south, said Allen Schreiner, Grayling City Treasurer.

As a result, the city's revenues have not been growing as fast as expenses and inflation the last five years, he said. For the past five years, the city has used surplus funds to balance their budget. The proposed 1984-85 budget would require use of about \$27,000 in surplus funds and \$48,000 in federal revenue sharing funds. In the past, all federal

revenue sharing money has A slowing of growth for the been used for major street projects with one exception when \$13,000 was used to help pay for the new fire station.

The proposed 1984-85 budget calls for a total of \$1,326,000 to be spent about \$213,000 less than last year's proposed budget. The city manager and

treasurer, taking police and fire chief proposed budgets and working with the head of the dept. of public works, put together a proposed budget every year that maintains services while adding improvements they would like to accomplish that year. The 1984-85 "wish list" preliminary budget came out \$170,000 short of anticipated revenues.

The city council cut \$92,000 from the proposed budget and pulled \$27,300 from surplus funds and \$48,000 from federal revenue sharing to balance the preliminary budget. The biggest cuts the council made in the proposed budget was in major repairs to the city garage, which included overhauling the heating system and re-

insulating. The city council members, Robert Golnick, Dorothy Latuszek, David Sabin, Dennis Sloan, and Sandy Thompson, decided to cut and shift funds around rather than ask for an increase in millage. The city's millage has been lowered six times since 1972 by the city council, dropping the millage from 23.34 to less

> than 13 mills. A public hearing on the proposed budget was held Monday night and the council will probably act on the proposed budget at their May 29 meeting.

# Former Dial-A-Ride **Head Faces Charges**

By Jon Thompson

Former Dial-A-Ride director Chet Johnston was arraigned Tuesday afternoon in 83rd District Court here on five charges of embezzlement, forgery, and larceny by conversion.

The embezzlement charge alleges Johnston from October 1979 to December 1981 unlawfully took money received in his official capacity as Dial-a-Ride director. Johnston allegedly received more than \$50 in cash from private citizens for maintenance work performed and parts installed on vehicles at

the Dial-a-Ride garage.

One larceny by conversion charge alleges Johnston received more than \$100 under false pretenses when he claimed the transportation board authorized an eight percent pay increase for Johnston retroactive from Jan. 23, 1983 to Oct. 1, 1982.

The other larceny by conversion charge alleges Johnston received more than \$100 under false pretenses when he made a payroll change notification on Jan. 24, 1983, indicating a pay raise for himself.

The forgery charge alleges

Johnston forged the signature of Crawford County Board of Commissioners chairperson Jeannette Kitchen on a budget document sent to Lansing. Johnston is also charged with uttering and publishing a forged document for sending the alleged forged document to

Lansing. The forgery and uttering and publishing charges have a 14 year maximum sentence for each offense. The embezzlement and larceny charges each have a 10 year maximum sentence along with a \$5000 maximum fine.

# **Davis Candidate For** 46th Circuit Court Seat

Davis of Grayling has announced his candidacy for the newly-created 46th Circuit Court Judgeship. The 46th Circuit includes Crawford, Kalkaska, and Otsego Counties.

Attorney Alton T. (Tom)

Davis is a native of Northern Michigan and a resident of Grayling for the past ten years. He established his law practice in Crawford County after his admission to the Michigan State Bar in 1974. During his ten years of

practice, he has maintained his own law firm and has served as Chief Assistant and Prosecuting Attorney for Crawford County and as a Special Prosecutor in neighboring counties. Davis has tried cases as a Prosecu-

tor and as a criminal defense

lawyer, represented civil plaintiffs and defendants, and is frequently appointed by various Probate Courts to act as a guardian for children, the aged and the mentally impaired.

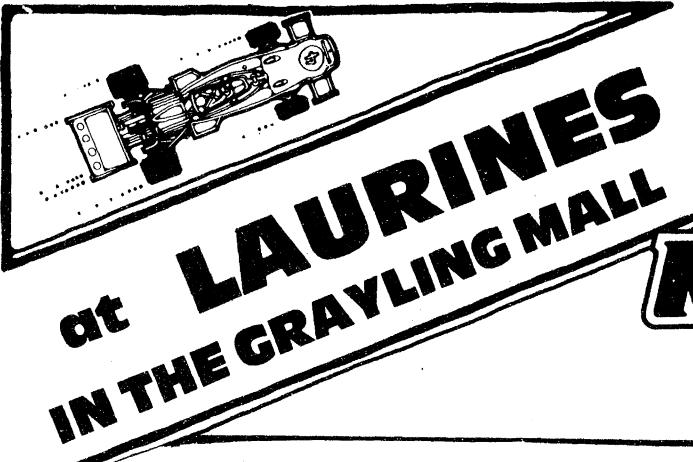

Prior to coming to Grayling, and during his last two years of law school, Davis served as Administrative Assistant to the Honorable John Fiekens, Chief Judge of the U.S. District Court in Detroit. The Federal Court position provided Davis with the administrative experience and background he feels important to the efficient operation of the Circuit Court.

Mr. Davis states that he is well suited by experience and temperament to carry out the duties of a Circuit Court Judge and will maintain the integrity and professional standards presently observable in the 46th Circuit Court.

## From Our Corner...

What a rude awakening Sunday morning to find it snowing great big flakes, and on Mother's Day at that...at one time the ground was covered, but it didn't last long, then it just changed into a mistylousy day...we thought this was possibly a first for snow on Mother's Day so we looked up last year's paper and found out that we had snow also last year on Her day, although it was a week earlier than this year...snow is snow and we certainly don't need it now after going all winter with it...now that the weather report is taken care of for posterity, we can start trying to think of something to finish filling this turkey for this week...

We are beginning to receive Letters to the Editor concerning different people who have announced that they are a candidate for certain offices in the upcoming election...some of the letters are condemning the individual while others are praising certain ones...to us that is strictly advertising and we are not going to let the Letters column become a political tool for or against a candidate...we gladly put in a persons announcement that they are seeking a certain office, but propaganda concerning individuals we will leave out...

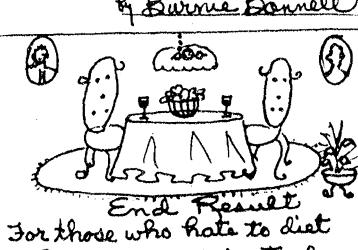

While on Letters, once again let us reiterate the policy of the Avalanche on letters to be run in the paper...we still receive letters unsigned, or typed names on them...also some are way too long to be considered...we encourage letters pertaining to things happening in our county, but we also have limited space...we ask the writers to keep in mind that letters need not be as long as a book to convey their feelings, and that they have a better chance of being printed if they are short...also it is our judgement and decision in what issue the letters that are printed appear...we try to give equal space to the several organizations and school projects plus the many other things that happen in our county...to do so we have to cut some place, and that is why articles are left out when time elements show they have another week to appear...or we are asked to run an article for 2 or 3 weeks before that event is to

happen... On unsigned letters or those with the name typed on them the writer is wasting their time and ours if not signed...you must sign your name and address and phone number to be even considered to have your letters printed...deadline for letters is Thursday for the following week's edition...we reserve the right to withhold letters that we feel are not in good taste and will withhold letter writers name from publication in extraordinary circumstances...

We are sort of experimenting this week on the amount of copy we have to type in order to get in the cartoon that we mentioned last week...there are many times when we will need this extra space, but then there are weeks that we will need to fill our column, so this is sort of a groping week...

This is it for this week, we'll find out tomorrow when Rena sets this if we guessed right...she should be happy, this is the shortest column we've had in a long time...so now, we will bid T.J., Stefany and Amber goodnight, and to all of our readers have a nice weekend, and think summer, it has to come along one of these days...

It's been said & Burnie Bonnell

The sought industrial fund of \$32,000 was nearly subscribed last week, it has been announced by industrial committee chairman, Dr. J.F. Cook. Harry Young, owner of the Grayling Reel Company, Inc., said that the building of the new plant would begin immediately when funds are in and he forecast the start of the production by the middle of July. Mr. Young stated that 16 men would be employed by the new company when production operations begin. There is a distinct possibility that the men employed could grow to 40 by the end of a year and a half, he said. The plant will construct wooden reels from 17 inches to 7 feet in diameter on which to coil heavy wire and cable. The reels are constructed of 90 percent aspen and that of large size which pulp mills don't particularly need, it was explained. It was estimated that at the present time within a short distance of Grayling, there now stands at least a 20 year's supply of aspen for the work. Being a fast growing tree much more would be available after that time. They would be sold

**MARKS OF A** HYPOCRITE Matthew 23:16-22

Jesus reminds us in Matthew 23:16-22 that a hypocrite is basicly dishonest in his dealings with others. We have already seen how Jesus said a hypocrite is unsaved in Matthew 23:13, he uses spiritual piety to prey on the helpless in Matthew 23:14, and he spends his time trying to proselyte followers in Matthew 23:15. Jesus now shows us how the hypocrites of His day were dishonest by breaking oaths made to others.

"Woe unto you, ye blind

guides, which say, Whosoever shall swear by the gold of the temple, he is a debtor! Ye fools and blind: for whether is greater, the gold. or the temple that sanctifieth the gold? And, Whosoever shall swear by the altar, it is nothing; but whosoever sweareth by the gift that is upon it, he is guilty. Ye fools and blind: for whether is greater, the gift, or the altar that sanctifieth the gift? Whoso therefore shall swear by the altar, sweareth by it, and by all things thereon. And whose shall swear by the temple, sweareth by it, and by him that dwelleth therein. And he that shall swear by heaven, sweareth by the throne of God, and by him that sitteth thereon." Matthew 23:16-22.

Jesus clearly showed them that all oaths are before God. and are therefore binding. He reminded them that the temple is God's, and so are the altar and gifts brought

### Participates In **Navy Exercise**

Navy Fireman Robin L. Dutton, son of Roy J. Dutton of Grayling, and Mary A. Patterson of Frederic, recently participated in "Teamwork '84."

He is a crewmember aboard the amphibious assault ship USS Inchon, homeported in Norfolk, Va. "Teamwork '84" was a

NATO exercise to test the ability of NATO forces to reinforce and resupply Northern Europe under winter conditions. It took place in the North Sea, Norwegian Sea and North Atlantic areas. A combined amphibious assault was conducted by U.S. Marines, British Royal Marines and Dutch Royal Marines in support of Norwegian Forces operating in the Arctic Climate of Northern Norway.

More than 150 ships and 300 aircraft from NATO countries, including more than 30 U.S. Navy ships were involved in the exercise. Other participating counties included Great Britain, The Netherlands, West Germany, Belgium, Canada, Denmark and Norway. Although not a military member of NATO, France also participated in the exercise.

### Sibs For Kids Volunteer **Fun Day**

On behalf of the Sibs for Kids program I want to thank all the volunteers who helped with the 2nd annual Volunteer Fun Day: Sue Shoemaker, Pam Shaw, Aleta Seifert, Vera Wylie, Greta Moore, Chad Quick. Ernie Balch, Junior Hill Gilbert, Necia especially the 4 M.D.A. volunteers who worked so hard, Shirley Mowrey, Ann Denno, Janet Brown, and

Alice Lee. I also want to thank the following businesses for supporting the Sibs program through their donations that were given away as door prizes at the fun day: Davis Jewelry, Jansen's, Van's, Bisque & Brush, AuSable Woodwork, True Value, Hallmark Store, Shear Magic, Cooper's, Frederic Herb Store, R & H Sports, Weiber's Jewelry, Comfort Center, Schuster's Cheese Shop and McDonald's, for their donation of free coupons for our booth.

I really do appreciate the time and effort & gifts that they gave - without this kind of support our program would not survive. Helen Campbell,

Director Sibs for Kids

### **Nursing Class** Completed at Kirtland

Thurs., May 17, 1984

Kirtland Community College's first Associate Degree (Registered) Nursing class concluded their studies on May 11th, with 34 students successfully completing the program.

Kirtland's ADN program supports career mobility in its laddered program approach, which builds upon previously acquired knowledge. The first year of the program is Kirtland's basic Practical Nursing curriculum, and entering students must either be a graduate of this program, or be a Licensed Practical Nurse. The program prepares the student to take the RN Licensure exam.

All of Kirtland's ADN students undergo a selective admissions procedure. The nursing curriculum is arranged to allow for parttime employment. Clinical experience is gained through affiliations with local clinics and through hospital facilities located in the Cadillac, Gaylord, Grayling, Tawas, Traverse City and

West Branch areas. The on campus nursing lab provides students the use of some of the most modern equipment available. This was made possible, in part, through community support during the Kirtland Community College Foundation Fund Raising Drive in 1982. and gifts from the Roscommon Rotary Club, Grayling's Weyerhaeuser Company, and through local citizens.

Attorneys & Counsellors at Law

Persons who possess dangerous property which might reasonably be expected to attract children must maintain that property in such manner that children will not be hurt by it. A swimming pool, for instance, must be fenced in many localities.

A DEPOSIT is part payment of the purchase price of an item or property, usually paid to assure the completion of the transaction.

If, after posting bail, the accused does not appear in court as scheduled, the bail will be forfeited to the court.

**EPA SANCTIONS DUE** This Summer Without **Auto Emission Program** 

Warren M. Hoyt, Executive Dir., MPA

A top official of the U.S. Environmental Protection Agency (EPA) said sanctions will be imposed in the Detroit area unless the Legislature imposes an auto emissions testing and inspection program.

Richard Wilson, national director of Mobile Source Pollution control, said the 39 metropolitan areas in 26 states that have programs operating or underway, along with Congress, "are watching the EPA to make sure we enforce the law in an evenhanded way."

Wilson spoke at a briefing sponsored by the Southeast Michigan Council of Governments on the threat of the region if a program is not developed.

He reported a notice was sent to Chicago, the other notable region without a testing program, saying that highway funds would be stopped and said Detroit will not be far

Wilson said it is a matter of weeks or months before the sanctions are imposed and they would include highway and air quality funds plus a moratorium on industrial permits for new or remodeled projects.

Transportation Director James Pitz said administration officials would hope to soon meet with legislative leaders to find out how to proceed and "we can begin a swift dialogue on how best to move to avert these very onerous sanctions. We've got to get moving.'

Pitz said sanctions could not take effect until August 1 at the earliest and whether they occur even then depends on how quickly the Legislature moves and how long federal procedural problems delay action.

Pitz said the administration does not have specific recommendations

yet for a program, but one which he said merits serious consideration is "two-test option" whereby motorists for \$10 would get an emissions test for their vehicles with a low emissions tuneup requirement only if the vehicle failed the test.

A follow-up test would not be required.

Options for enforcement include a local sticker showing compliance, with police issuing tickets for violations, or annual enforcement as vehicles are registered.

Michigan had won a reprive with 1981 legislation requiring an inspection and maintenance program, but rules to implement the program were blocked in the Legislature.

That program provided for testing two gases emitted through tailpipes and had strong penalties for tampering with pollution control equipment. The tampering provisions would not be a part of the new program.

Pitz said the EPA gives a region a standard to meet and as long as it can devise a program, which is based on sample testing, reduces emission of targeted elements, a region can determine which vehicles are tested and how they are tested.

He said officials had predicted they would be at EPA-required standards by 1987 without an emissions program, but said it is clear now that air quality is not improving rapidly enough to meet that goal.

Wilson said the Detroit area exceeds standards for ozone and carbon monoxide and that an emissions program is virtually the only program to significantly reduce carbon monoxide levels (by about 30 per-

### A Visit To The Middle School

I realize that it would be will soon be condemned almost impossible for all the voters in the Crawford AuSable School District to visit the middle school while it is in session. If this could happen the voters would really be enlightened about inside condition of this 68year-old building.

I made a visit to all the classrooms on Monday, May 7th. These are some of my observations:

1. Loose glass and window

2. Impossible to raise some windows. 3. Pails hanging on ceiling

radiators to catch water from leaks. 4. Pails in shop area fill up

very soon, water makes concrete floor very slippery.

5. Ceilings and walls deteriorating with paint and plaster coming loose and falling.

6. All wood floors very noisy when walked on.

7. One room contains a large electric fuse box that constitutes a very dangerous situation.

8. Some chalk boards about ready to fall from the wall in several rooms.

9. Some chalk rails gone

noisy floors.

I don't know how many of the radiators hanging on the walls have come loose and fallen off during the 68 years of use. I do know this: In 1918 I was attending school in one room when a wall radiator came loose and fell against the teachers leg and then landed on a students foot. A student had to go and get Mr. Sherman Neal, the janitor to help lift the radiator off the students foot. The teacher was very lucky.

We must do something soon. I wouldn't doubt but that the 68 year old building

It comes to mind these days that the good that people do is quickly forgotten when any shadow passes over their lives, let alone to get the chance to be "interred with their bones", as Shakespeare said. I know that if there are rights to be protected that any and all honest means should be used to uncover the truth of the matter. I concede that point. But, what I do resent is the use of "truth pursuit" to call attention to all of a person's faults, personal as well as public; to put them on trial over morning coffee with the guys; to voice opinions based on bias, not fact; to take delight in their pain as if these citizens were not community - family - to us all in one way or another. Some hop on the band-

wagon to see their names in

print with one quote after another credited to them. Would they be so quick to verbalize if it were them under scrutiny? Somehow, I don't think so. The limelight might be very uncomfortable. Would any of us, for that matter, be free of skeletons if put to the test? How frightening to suddenly have our judge and jury composed, not only of persons of responsibility and authority, but also of selfrighteous vigilantes - intent not on justice but revenge for whatever reason they deem worthy. More frightening still to see in their number longtime "friends" and associates. And maybe, still worse, is the silence of those they have cared about; for whatever reason: fear of association, loss of words, fear of causing embarrass-

Two people I have known and respected all my life are Jack Alef and Lora Gould. Both have dedicated their lives toward something greater than themselves. The good that they have done for others should be testimony to the people they are. It is my belief that their motives were not for self or recognition but from an honest desire to improve the quality of others' lives. They gave people dignity, which is no small matter. And I believe that we, in turn,

should allow them theirs. The necessary inquiry groups are there to do the work assigned to them. This has not been, nor is not, an easy task, I am sure. But whatever the results show, I would like these two people to know that, when all the findings are in and sorted out, they will still be remembered for the good that they have done and can still do - as part of our community and family.

In closing I would like to add that although I am not out to canonize these people I hardly think that a crucifixion is in order, either. Thank you.

Sincerely, Vicki Wells Bedard

**ADVANCED STUDIES** — Grayling Elementary students in an advanced studies class taught by Marti Ingvarsson recently held an open house to display their projects concerning endangered species. Shown with their posters are (front, left to right) Caleb Casey, Jay Mobarak, Amanda Bankert, second row, Josh Wells, Cameron Lewis, Jennifer Perritt, Charlotte Knight, third row, Angie Thompson, Sara Bobenmoyer, Aaron Raymond, & Jordan Stancil. Absent from the picture are Jeff Pahssen, Nick Stancil, and Jenny Evans. The students chose an endangered species and first did an in-depth study using Bloom's Taxonomy and higher level thinking skills. Currently, third and fourth graders are developing a commercial for a product they've made. Two high school advanced students, Colette Petrosky and Jennifer Ojala are working with the students on that project. The first and second graders are working on a unit about folklore.

### To Graduate

Miss Mary Beth Murphy, daughter of Ed & Joan Murphy of Roscommon, will graduate April 17th, at Kellogg Community College in Battle Creek, Mich.

Miss Murphy will graduate with honors in the Physical Therapy Assistant program. She is the granddaughter of Mrs. Della Simpson of Grayling.

"The demand for electricity in the United States closely tracks our economic activity. If our economic output increases, the consumption of electricity goes up. If our economy is stagnant, the demand for electricity stays flat. It's been that way for more than fifty years."

Dr. Chauncey Starr, Vice Chairman Electric Power Research Institute

### POWER TO GROW

Electric use grows at a rate approximately equal to the growth rate of the Gross National Product. The two track side-by-side. One cannot grow without the other. Careful studies of that relationship since the 1973 oil embargo have demonstrated conclusively that economic activity and electric consumption are linked more closely today than ever before. As our economy grows, so grows our electric use.

In a previous message on these pages we discussed the issue of electric energy supply in Michigan and how we must increase that supply by completing ongoing construction projects. As you have almost certainly read or seen, not everyone agrees with us on that issue. There are those who say we need no new generating plants, that our forecasts of growth are too high, that we can get by for a number of years with just the generating plants we have operating today. But think a minute. If electric consumption in our state is not going to grow appreciably in the 1990s, as some sources suggest, and given the interrelationship of electric consumption and our economy, what they are really saying is that Michigan is going to stagnate economically, that our economy is going to grow barely, if at all, in the coming decade.

We simply cannot accept that proposition. We're not predicting nor are we building for an economie boom in Michigan. We're predicting and building for a very modest growth rate. Our projection for growth parallels that of Detroit Edison, which forecasts increases of 2.6 percent per year,

26-317-E

and those of utilities in Ontario, Ohio and other nearby states whose forecasts range from 2.1 to 2.8 percent per year. Even the Michigan Public Service Commission staff forecast of Consumers Power's load growth is virtually identical to ours until about the

### **ENOUGH TO** GO AROUND?

But there are also those who say it doesn't matter if our forecasts are more accurate than theirs, that it doesn't matter if we're right in our planning. Sure, they say, we may be short on our own electric capacity, but that's all right, we can just buy power from those utilities that are building for the future.

Perhaps. But will there be enough power available to us from others, and what will be the price of that power? Look again at the growth forecasts for the utilities around us, those from whom we would be buying power. That growth is in their areas and states and provinces, not ours. We have no guarantee that those utilities will build enough new capacity to meet their own needs, let alone ours. If they do, they will sell power to others only after they have served their own people and industry, and the power they sell will be the most expensive power they produce. Right now we have the lowest electric rates in Michigan. If we depend upon other utilities to supply our customers with power, that will no longer be the case.

### **ENERGY DEPENDENCE?**

Is that the way we plan for the future in Michigan? Is that a rational course of action when one of the highest priorities of our state is to encourage industrial expansion and attract new business? In the wake of the 1973 oil embargo one concept was burned into the minds of most Americans: Energy independence. No longer would we entrust our energy future to others; we would control our own destiny.

At Consumers Power Company our goal for almost a century has been to provide power to our customers when they want it and need it. That's the basis of our planning, the blueprint for our construction. By carrying through with our plans we intend to ensure that our customers hold the key to the future—a reliable electric energy supply—in their own

### Senior Citizen of the Year Award

Three outstanding senior citizens have been nominated for the 1984 Outstanding Senior Citizen Award. They are:

1) Elmer Fenton, a lifetime resident who went to school here, taught here and was high school principal and now volunteers for all kinds of local programs. Elmer is on the RSVP Advisory Board and is the "Chief Plug" in organizing and keeping our Historical Museum operating. Elmers' time is somewhat limited now as his wife Margaret is ill and homebound. A fine man and a real "gem" to our community.

2) Velma Lobdell is a super lady. One who will always do for others. She and her husband Edgar deliver meals and always help on all committees and projects. They moved here to retire and live at Lake Margrethe but enjoy being involved so much that they don't know what retirement is. They have one married son and his family.

3) Edgar Lobdell is the most willing and helpful person that you can find. He was a sign painter and it is Edgar who makes all our banners and signs. He and his wife Velma deliver meals and volunteer on all kinds of projects.

All three nominees are RSVP volunteers as well as a "willing helper" whenever needed. Anyone of the three would make an excellent choice so cast your ballot for your favorite & send to: Crawford Co.

### **Doodles From** The Tall Timber

Wendell L. Hoover Park Interpreter

I have mentioned owls before, more specifically the barred owl which, while not numerous, is a resident of the Tall Timber.

I suspect that I would not know one owl's call from another, but the little screech owl is a definite alto. One person stated that the call of a screech owl is a mournful whiny wail. Still another authority classes the call as a wavering, eerie, ghostly sound that carries for long distances. Whatever it sounds like, it does cause superstitious people some anxious moments. There are those who believe that if a screech owl lands on a house, someone inside will soon die. It certainly does land on houses, because it is commonly found in the city.

The screech owl is the smallest owl with "horns." The horns are actually tufts of feathers, not its ears as many believe. Their real ears are openings located toward the front of the head and covered with feathers. The screech owl comes in two colors: reddish and gray.

While the screech owl is guilty of killing songbirds, they do feed on mice, insects, crayfish, spiders and reptiles. Cornell University researchers discovered that the screech owl is very important to the balance of the songbird population. Consider that if a single pair of robins was permitted to breed without control, they and their offspring would increase to over 15,000 birds in five years.

The screech owl prefers a nesting cavity in a hollow tree about the size of a squirrel would use. They lay four or five white eggs in March and care for the owlets in the nest until they are about a month old.

### District Court

The following persons appeared in 83rd District Court before Judge Francis L. Walsh:

Harry Argue, 18, of Grayling, plead no contest to charges of attempted resisting and obstructing a police officer and malicious destruction of property less than \$100 and plead guilty to a charge of O.U.I.L. He was fined \$105 or 10 days plus 24 months probation for the first charge, \$79 in restitution plus 24 months probation for the second offense, and \$355 or 30 days plus his license is suspended for six months for the third offense. A motion by the Prosecutor's office dismissed the original charges of resisting and obstructing a police officer and malicious destruction of police property. He was cited Aug. 3 by the sheriff

Argue also plead guilty to a charge of impaired driving and was fined \$305 or 30 days and his license is suspended for six months. He was cited July 13 by the sheriff dept.

Joseph Raymond, 35, and Anna Raymond, 34, of Roscommon, were bound over to Circuit Court on charges of welfare fraud of more than \$500 and perjury.

Melvin Wood, Jr., 22, plead guilty of larceny less than \$100 and was fined \$105 or 10 days. He was cited April 9 following a citizen complaint.

Wood also plead guilty to a charge of driving with a suspended license due to an unpaid ticket. He was fined \$45 or 5 days. He was cited Oct. 29, 1982, by the sheriff dept.

Peter Kocefas, 27, of Grayling, plead no contest to charge of disorderly person and was fined \$105 or 10 days. He was cited July 4 following a citizen complaint.

John Parker, Jr., of Roscommon, plead guilty to a charge of driving on a suspended license and was fined \$105 or 10 days plus three days in the county jail. He was cited March 6 by the sheriff dept.

### **Township Association Spring** Tour at Holiday Inn May 24

Lansing — The Michigan Townships Association (MTA) is bringing its program "to the people" in Antrim, Kalkaska, Missaukee, Crawford, and Roscommon counties on Thursday, May 24, as a part of the annual MTA Spring District Tour. More than one hundred township officials from MTA's 6th District are expected to attend the all-day educational program, which is being held at the Holiday Inn, on Business Route I-75 in Grayling. Registration

begins at 8:00 a.m. MTA Executive Director John La Rose will kick off the morning legislative update at 9:00 a.m. with an overview of MTA'a structure, changes in property tax law, and other current legislative issues pertinent to townships.

Public Affairs Officer Pat Skelding will follow La Rose with a highlight of tax limitation and environmental proposals likely to appear on the 1984 ballot, issues in solid waste management, and changes in state elections law.

Director of Finally, Education Larry Merrill's presentation will include several recent decisions with major impacts on townships.

After lunch, participants will be able to choose from four concurrent workshops. The State Assessors Board will be conducting an assessors renewal course. Clerks may want to attend MTA Accounting Consultant Al Blankenship's program financial records on management. John Wolenberg of Michigan State University will present a program, primarily for township treasurers, on investing idle funds wisely. Finally, representatives of Department of Natural Resources Director Ronald Skoog will discuss DNR programs affecting township govern-

ment. The cost of the program, which includes lunch and materials, is \$27.00 at the door\*.

The MTA, based in Lansing Charter Township, provides lobbying and educa-

tional services to more than 99 percent of the state's 1,243 townships and 6,500 elected officials. District meetings are conducted annually across the state, with spring meetings offered to the northern portion of the state (including the Upper Peninsula).

\*Members of the press are encouraged to attend at no charge. Press packets will be available.

### Grayling Elementary Second Grade **Baloon Launch**

The second grade students of Grayling Elementary School will be holding their Annual Balloon Launch on Thursday, May 24th at 1:00 p.m. on the football field by the school.

Each student will launch a balloon labeled with a card requesting information from the person finding the balloon. Cards returned are charted on a map so students can see the pattern and distance the balloons have traveled.

This years launch was scheduled in coordination with Michigan Week and Education Day. We invite the public to join us in sharing in this educational activity with our students.

Balloons for this activity are provided by McDonald's of Grayling.

### **997 News**

by Todd Pfaff

On Saturday, May 5, Boy Scout Troop 997 participated in this years annual Spring Camporee, which was held at the Knights of Columbus hall in West Branch. The theme for this event was "Show and Do" which gives each Cub Scout, Webelo, and Boy Scout Troop from the AuSable District (Crawford, Roscommon, Oscoda,

Ogemaw, Alcona, and Iosco Counties) the opportunity to show off to their rival Troops, as well as the general public the talents of their own Troop.

Troop 997 took part in this by erecting a twenty foot signal tower, using nothing but logs and rope. There is a possibility that the people of Grayling will be able to see the tower either during the Crawford County Fair, or the Milltown festival. I will keep you informed on that account in the future, but for now, on with the Camporee.

Also taking place during this day long event was an 18 station competition for the various Boy Scout Troops that were in attendance. Of these stations, subject matter ranged form Bird Identification to Problem Solving. Troop 997 brought home three awards from this contest, a third place ribbon in firebuilding, second place in knot tying, and first place in rope splicing.

Congratulations to these Scouts, not just for bringing home these awards, but also for making an honest effort in all of the other areas as well. Good show, guys.

Now, I would like to congratulate two of the Scouts for their most recent advancements towards Eagle. To Eugene Johnston for earning his Hiking Skill Award, and for achieving the rank of earning his Hiking Skill Award, and for achieving the rank of Scouter. And to Chris rnompson for earning his Swimming Merit Badge.

And now, I have been asked to extend a public invitation. On Saturday, May 19, an Eagle Court of Honor will be held in honor of Wayne Schoonover. This ceremony will be held at 3:00 p.m. at the Grayling American Legion Hall. Refreshments will be ser-

# Mercy Hospital Acquires Physical Therapy Equipment

The addition of CYBEX II equipment to the physical therapy department of Grayling Mercy Hospital will "greatly enhance our out-patient revenue and volume," according to Richard Febey, director of physical therapy at Mercy.

The equipment, purchased last month for \$27,000, will be primarily used for orthopedic disabilities, roughly 40 percent of Mercy Hospital's caseload.

The CYBEX II is used to strengthen and improve the range of all joints in the body following injuries surgery. It also provides an objective means of testing the strength of joints, Mr. Febey said.

The testing of joints is accomplished through the use of a computer. The computer will assess and define weaknesses in range of motion and tork (pressure being exerted), and print the results on a graph.

Mr. Febey said the addition of the CYBEX II equipment will increase the revenue of his department by as much as 20 percent, which should amount to enough money the first year and one-half to pay for itself.

Besides its use in orthopedic rehabilitation, the equipment is extremely useful in testing and strengthening the joints of athletes and joint rehabilitation for older individuals where minimal resistance is required, Mr. Febey said.

### Bike-a-Thon **Pledges Over** \$3,000 Here

Grayling, May 5...Over \$3,000 was pledged for St. Jude Children's Research Hospital as local bikers pedaled in Grayling Wheels for Life Bike-a-Thon for Terry.

"The ride was a great success and showed that Grayling understands the importance of research being done at St. Jude Hospital," Bikea-Thon Chairman Lorna Morse said in announcing the ride's results. "Everyone who participated did a wonderful job." The Asert teams, Crawford County Ambulance crew, the people from Michelson Memorial United Methodist Church, McDonald's of Grayling, The Produce Place, Jim's Farm Market, and of course the riders and sponsors.

"The \$3,000 raised from the ride will help continue the research into childhood cancer and other catastrophic diseases," Morse said. "Children here and everywhere will be helped by this successful Bike-a-Thon and the progress being made at St. Jude Hospital."

Riders have been asked to wear their "I'm Riding for Terry" bracelets as they collect their pledges. Terry is a leukemia patient who symbolizes all the children at St. Jude. She is now 8 years old, and has been in remission for almost three years. This brave little girl is now winning her battle against cancer.

Morse urged all sponsors and riders to turn in their donations and sponsor forms by May 17th.

the equipment includes rehabilitation of stroke victims and patients with neurological disorders.

Mr. Febey, who has been at Mercy Hospital for three years, said the CYBEX II equipment, coupled with high-technological equipment in the department. make it one of the most advanced and comprehensive physical therapy departments in the area. Only Traverse City hospitals can provide equivalent service in this part of the state, he said.

Mr. Febey said he expects to have bio-feedback capabilities by the end of this year. Bio-feedback devices provide the patient with instant results while testing and strengthening muscles and joints.

### **Raffles Must** Be State Licensed

Grayling - Clubs or organizations in the state of Michigan planning to conduct a raffle as a fundraising project must be registered or licensed. Failure to do so is a felony.

Caroline Golnick, Northern Michigan Lower Peninsula field representative for the Bureau of Michigan State Lottery, Bingo Division, advises those planning to conduct a raffle to contact her at 517/348-7409 or to call the State Lottery office at 517/373-6350 to avoid problems.

She noted it takes from two to three weeks to receive registration or licensing. There are some groups who claim to be unaware of the law pertaining to raffles. To date some violations have been overlooked, but from now on everyone should be aware of the regulations and complaints will be issued to those violating the law.

There is only one type of raffle that needs not be registered. If the value of prizes is under \$100 and there is no pre-sale of raffle tickets to the public the activity does not require registration. Groups such as a church, conducting a raffle within its confines during a club meeting with the value of prizes not over the allowed

The minute you offer a pre-sale of raffle tickets or advertise it outside of the group's meeting place, the registration or licensing is required. A registration number or license number is issued and is printed on all raffle tickets to identify the licensee.

A \$5 registration is charged for raffles whose prizes exceed \$100 but do not exceed \$500 in value. A \$50 licensing fee is charged for raffles offering a prize or prizes valued at \$500 or

To qualify for any licensed gambling activity, an organization must be a Michigan based, nonprofit organization in one of seven categories which include educational organizations, organizations, fraternal organizations, religious veteran's organizations, senior citizens organizations, candidate committees, or service organizations.

All others are in violation of the state gambling laws.

**HOSPITAL TOUR** — Sister Mary Ellen Howard gives state senator Connie Binsfeld a tour of Mercy Hospital including a look at new CYBEX II equipment. Binsfeld spoke at a breakfast for the Mercy Hospital Auxiliary and helped attract 15 new volunteers to join the Auxiliary.

### **Crawford County Board of Commissioners**

April 26, 1984 — Regular Meeting **SYNOPSIS** 

The April 26th meeting of the County Board convened at 9:30 a.m. with five commissioners present. Miller and Joyce were absent all day; and eleven visitors attended at various times. IN FORMAL ACTION, THE BOARD:

-Approved the April 10th minutes as presented.

-Reviewed and accepted 24 pieces of correspondence. -Authorized the Chairperson to executve the Fish Hatchery Project Agreement between the county and the Northeast Michigan Consortium when it arrives.

-Supported a Monroe County Resolution opposing any reduc-

tion in General Revenue Sharing. -Adopted a resolution approving the creation of a second judgeship for the 46th Circuit. The first term of the judgeship will be 8 years; and any additional personnel will be shared on a case-load

basis by the three counties in the circuit. -Agreed to pay up to \$50.00 for annual physicals for bargaining unit employees in the Sheriff Department.

-Authorized repair of the animal control vehicle at the cost estimate of \$550.00.

-Approved placing a 1977 and a 1979 patrol car up for bids at a minimum bid of \$1,200.00 each.

-Tabled, for further information, a motion authorizing construction of a small storage building for use by animal control. The building, to be used for straw and food, is proposed to be

paid for from donations to the shelter. -Agreed to post notice recognizing expiration of the Collective Bargaining Agreement between the county and the Non-super-

visory Unit of the Sheriff Dept. -Denied a request from the Probate Registrar for payment of \$1,367.88 for unused sick and vacation time accumulated prior to her having been placed on salary. According to a prosecutor's opinion, policy dictates that such monies should be payable only upon retirement or termination of employment.

-Authorized the Prosecutor to purchase a computer at a price of \$4,442.42; with the General Fund to be repaid by the turning over of all monies received from the prosecution of welfare fraud cases

-Rescinded a May 10th, 1983 agreement which earmarked incentive monies from prosecution of welfare fraud cases for the purchase and maintenance of equipment in the Prosecutor's Of-

-Authorized placing our M.E.R.S. retirees on the County Blue Cross-Blue Shield Policy on a reimbursement basis.

-Adopted a resolution to exclude temporary employees from membership in the Michigan Employees' Retirement System. This classification would include seasonal positions such as marine officers and those at the Hatchery.

-Approved payment of a \$25.00 registration fee for Commissioner Joyce to attend the May 23rd Ground Water II

-Tabled action on a draft of Board Rules and Procedures until the next regular meeting.

-Tabled action on Planning Commission appointments until terms of membership are reviewed by the Prosecutor's Office.

REPORTS AND ANNOUNCEMENTS: The NEMSCA report included an update on the status of the Commission on Aging following the recent action of the City Housing Commission. Meals on Wheels and congregate dining had been resumed the day after the Center was closed. Correspondence requesting removal of Commission on Aging buses and telephone lines was reviewed; and an inventory of items belonging to the Commission on Aging has been submitted by NEMSCA as required by the audit. A letter to Jack Alef was also reviewed, relative to granting an extension on the HUD Contract until July 13, 1984.

-Programs offered through the MSU Extension Service were reviewed with Extension Service staff.

-Commission on Aging reported that carrying cases for meals on wheels are being sought; and summer and fall tours are still being planned. A special committee is seeking a new location for programs; and personnel policies must be established.

-The Sheriff reported that Jimmy Parker has been appointed Undersheriff; delinquent ambulance billings are being turned over to the Prosecutor; and three new vehicles are now on the road. Cost of painting, transfering of radios, caging and lights for the vehicles is estimated at \$3 thousand. Dog license fees, and cost of obtaining animals from the shelter were also review-

-Roads & Bridges reported that work is being laid out for 1985. -Additional appropriations are still being sought by the Health Dept.; and a TB case has been contained.

-A list of RC&D projects from recent years was reviewed. -The DSS Report reviewed case loads, value of food stamps and

legislation on the Michigan Opportunity and Training Act. -Building and Personnel reported that an Otsego County personnel policy will be reviewed by the Assistant Prosecutor. Cost estimates of a new plow for the county truck are being obtained; and a leak in the Jury Room ceiling has been repaired.

IN OTHER BUSINESS, COMMISSIONERS: -Reviewed several pieces of proposed legislation provided by

-Decided, by consensus, that the policy relative to Blue Cross-Blue Shield coverage for employees on approved leaves of absence should follow that provided in the union contract.

-Reviewed and clarified the commissioners' per diem schedule,

and set a date for uniform submission of pay vouchers. -Briefly discussed the county's involvement in the review of

Township Zoning Ordinances. -Discussed coordination of a road clean-up crew: The matter

will be pursued through the Road Commission. -Discussed a request for use of the courthouse for church services; and decided, by consensus, that a policy established a few years ago prohibits the use of the building for religious purposes.

Meeting adjourned at 5:42 p.m. Full text of official minutes is available in the Office of the Crawford County Clerk.

### **Volunteers** On The Go!

Nancy Dean is another of our volunteers who have been in the program for 6 years. She has worked in the Remedial Reading Room at the Grayling Elementary School, been a volunteers teacher's aid in a kindergarten class, and is one of

our special day helpers. Along with our volunteer program Nancy has been an active member of Mt. Hope Lutheran Church for 11 years; has taught Sunday school and Bible school for 5 years; and also worked in their pre-school program. She has been with the Cancer Society 8 years; crusade chairman for 1 year, and a Girl Scout Brownie leader for 2 years.

Nancy says she enjoys needlework, quilting, basketweaving, and she and her husband enjoy making cradles in their spare time.

When asked why she joined the Volunteer program she said, "I love the contact, with the kids." She says she

### **Poppy Days** May 17-18-19

On May 17, 18 & 19th all will be asked to wear a Poppy. Once a year we observe poppy days in honor of our dead servicemen. When you purchase a poppy from an American Legion Auxiliary volunteer you are aiding the living victims of the wars of the past.

Poppies grew in battlefields during the first world war overseas in France and Belgium. American servicemen gave their lives there for our country. The poppy then came to be a tribute to the men who died. The

American Legion Auxiliary

adopted it as the official

memorial flower. The veterans in hospitals have made these flowers in workshops where all the ravages of war still exist. Please support these men by giving whatever you can afford to our volunteers on

Poppy days. All contributions to this program will assist in helping our living veterans who so much deserve our help.

Christman,

Performances by the Viking girls track team continued to improve as they aim at qualifying for the state track meet in June.

Grayling opened their season with a four-team meet at Gaylord taking three first places there.

Gina Medley took first in the 400 meters, Jodie Christman won the 800 meters, and a 1600 meter relay team of Medley, Christman, Melissa and Dawn McEvers, Weatherly also won.

Others scoring points were Stacey Hinds, who tied the school girls high jump record of 5 feet, Michelle Moore, Rebecca Jones, Karyn Reynolds, Erin Jones, Lori Pfaff, Cari Longworth, and Tammy Morse.

Sault Ste. Marie won the meet with 881/2 points, Gaylord had 63½, Grayling 53, and Charlevoix 36.

Grayling traveled to Gladwin April 25 for their second meet. The Grayling 3200 relay meter team of Medley, Christman, Weatherly, and Moore took first among 12 teams.

The 1600 meter relay team of Christman, McEvers, Weatherly, and Medley took second. Moore took third in the 3200 meter run and Erin Jones took 5th in the 100 meter hurdles.

Coaches Dan Ullery and Mike Smith said their team had its best showing in a meet with Gaylord and Onaway. Grayling finished with seven first places and eight seconds.

Coming in first were the 3200 meter relay team of Rebecca Jones, Hinds, Moore, and Reynolds, the 800 meter relay of Medley, McEvers, Tina Meldrum, and Weatherly, the 400 meter relay team of Erin

### Lost or Stolen **Tax Refunds** Can Be Traced

Detroit, Mi. - A taxpayer who suspects his or her federal tax refund check has been lost or stolen may contact the IRS to have a replacement check issued or find out the reason for the delay, the Internal Revenue Service says. A refund check is considered overdue only after ten weeks have passed.

After that, the taxpayer should contact the IRS to inquire about the refund. The taxpayer will be asked several questions regarding the return and should be prepared to supply specific information.

If it is discovered that a check was in fact issued but not received, the taxpayer will be instructed to complete a Form 3911, Taxpayer's Statement Regarding Refund, and send it to the IRS. This form allows IRS to trace the check to determine if it was cashed by another person, or to stop payment. The IRS will also research the taxpayer's account. Sometimes it's found that the refund was redirected as an offset against previous taxes owed, applied to delinquent child support payments or mistakenly applied

to estimated tax payments. If the check is indeed lost or stolen, arrangements can be made to replace the check. Tracking a lost or stolen check usually takes several weeks.

For additional information, call or write to the Internal Revenue Service. The telephone number is 1-800-

increase in S.E.V. values for 1984 from 1983 values, but city manager Jerry Morford said inflation easily takes care of that increase in the tax base.

Inflation hits government units much harder than individuals, Schreiner said, because of the specialized goods government units buy. Police, fire department, or DPW equipment is usually highly specialized and there isn't a large market out there to keep prices down, he said. He cited a five to six pound brass nozzle for a fire hose priced from \$100 to \$150 as one example of the cost of specialized

equipment. Schreiner said even during the early seventies when inflation for individuals was as high as 12 to 13 percent, the city and other government units were being hit by 23-24 percent inflation.

Water and sewer rates will probably remain the same for 1984-85 barring some unforseen major equipment repair or replacement expenses. Water and sewer rates have paid the entire cost of the operation for several years.

Schreiner said the addition of K mart to the area will be more than a helpful boost in the tax rolls next year. He said the decision by K mart to build here will help attract more people to shop here and encourage other businesses to locate here while also aiding existing businesses.

### Davis

(Continued from Page 1)

Mr. Davis also points out "that the seat of the newlyadded Circuit Judge will be in the county of residence of the Judge elected. Since the current Judge is a resident of Otsego County, Mr. Davis believes that maximum advantage will be made of the new Judgeship if it is located in Crawford County, the midpoint of the Circuit. By having a Circuit Judge in Crawford County, citizens, lawyers, law enforcement personnel, and local units of government will realize a substantial savings in time and expense.

Davis is married and the father of two daughters. ages 5 and 11/2. Locally, he is involved in the Crawford County Arts Council, the Grayling Chamber of Commerce, the Grayling Youth Booster Club, a Director of the Crawford County Fair Board, and a Director of the AuSable River Marathon Canoe Race. Many from Frederic attended the Annie show and what a wonderful play it was. Lori Gust who was Annie was superb, and her young orphan friends were delightful. There has to be such discipline in putting on a production. The others in the cast were great too. Have seen some in others as well. The seniors that will be graduating this year will be missed but long remembered. Best wishes in your future. My hat off to each and everyone that had a part in the production. Such talents. ### Vikes Take Pair From Onaway Squad

Grayling used two five-run innings to whip Onaway 12-5 and took advantage of walks in the second game to win 5-2 last Thursday.

The hitting attack in the opening game was led by Jim Stewart with 4 for 5, Jeff Branch 3 for 4, Mike Hickey 3 for 5, and Bob Gelinski 2 for

Jon Nicholas opened the game with a single followed by singles from Stewart and Branch. Two errors and two ground outs resulted in five runs and Grayling was never overtaken.

In the second game, four walks led to four of Grayling's five runs spread out in four different innings. Ken Lademan won the first game and Stewart won the second game.

Grayling took it on the chin Saturday with a pair of 5-4 losses from Cheboygan. Grayling was also belted 8-2 and 6-1 at Rogers City Tuesday, May 8.

On Tuesday, May 15, Grayling played Cheboygan at home and entertains Gaylord Saturday.

So far this year, Bob

A TRIBUTE TO OUR MOTHER

### Elsie Larson - "Happy Birthday"

Elsie, as she is lovingly called, has lived in Crawford County all of her life. Born in Frederic, Mi, graduating from High School and going on to nursing school, where she received her degree as an R.N. and practiced her profession at Grayling Mercy Hospital until retirement a few years ago.

She married Ernest Larson and together raised a family of two sons and a daughter, as well as continue her professional nursing career.

I am unable to recall all of the contributions by Elsie through the years as we were growing up, but I know of her love and concern towards husband, family, friends and fellow citizens, and her compassion and many acts of kindness extended towards all she comes in contact with.

I know of her love for her Lord and Savior Jesus Christ and her involvement in many activities of her church and I believe it was her Christ like love for others that led her into a nursing career, a career of serving and helping others to the best of her

Although she is retired she continues to nurse and care for those around her. shut-ins, needy, elderly, etc., as she has all of her life. You see her career was never really a job, or something you had to do, but an opportunity to help others, not just 8-5, but anytime anywhere there was a need.

Her service to others includes visiting, or riding in the ambulance with a friend to a hospital, or over at the Sr. Citizen Center, Eastern Star, and various blood banks. Yes, she has served and through all of this, maintained her priorities of life without neglecting her responsibilities as a Christian wife and mother.

You won't see her name in the paper or any great fanfare connected with her many labors of love but if you would ask any of her friends, associates, co-workers or any of the Grayling natives involved in her church, hospital, Sr. Citizen Center etc., they would tell you about their friend Elsie.

In addition she has helped to raise children of relatives and friends by taking them into her own home willing to give of her energy and support.

Also her many hand crafted artifacts given away as gifts for birthday presents or Christmas decorations, or the many unexpected gifts she has befriended the lonely and needy out of her love for others.

Our Mother an extraordinary person may not be a success by the worlds standards but a success to all she comes in contact with, Happy Birthday.

### **Arts Council** To Present **Spring Recital**

The Crawford County Arts Council dance students will present their spring recital on June 22 and 23, in the Joseph Stripe Auditorium, under the direction of Louise Hayes and Jini Hindmarsh.

In addition to performing ballet, tap, and jazz numbers from the individual dance classes, some of the students will present the ballet, "Snow White."

Stephanie Hindmarsh will dance in the role of Snow White, with Louise Hayes as the Mother, and Jini Hindmarsh as the Queen. The Seven Dwarfs' roles will be danced by Sheryl Clark (Grumpy), Amy Denton (bashful ), Jennifer Gillon (Happy), Theresa Ketchum (Doc); Autumn Sopscak (Dopey), Mona Stancil (Sleepy), and Joni Water-

man (Sneezy). Ryan Hindmarsh will create the role of the Woodcutter; students from the Monday evening adult ballet class will perform as the Queen's Court; and the Forest Animals will come from students in the Thursday afternoon (ages 10-13)

The students have been preparing for the recital since early spring, and look forward to this opportunity to perform for the Grayling public. Tickets will go on sale in early June.

### Women's Aglow

The Grayling Women's Aglow will meet Saturday, May 19 at St. Mary's Family Center on Spruce St. The meeting will begin with refreshments served from 9:30 - 10:00 a.m. From 10:00-11:00 a.m., the ladies will join in song and worship.

Our special speaker for this month will be Mrs. Pam Bach, Pastor Steven Bach and his family are former residents of Grayling and pastors of the Grayling Assembly of God. They are presently pastoring in Olivet, Michigan.

The music and messages which Pam Bach brings to the Grayling community are always greatly appreciated. All of our area ladies are warmly invited to attend and enjoy this rewarding experience.

These are words spoken by Mrs. Kathy Miles at the meeting where all this information on senior citizen problems became public knowledgw.

Mrs. Miles presented an extremely thoroughly documented and knowledgeable program, this highly intelligent lady had done her homework, there was no way anyone present could doubt her statistics.

Admitted this writer is not a Lora Gould fan. Admitted also Gould has done much in her field of endeavor.

"But she is not the senior citizen center, the senior citizens themselves are the center"

Lora Gould is an employee, and a handsomely paid one at that. She was paid to do a job or as was brought forth at this meeting, four jobs at one time, all 9 to 5 jobs, the Commission on Aging, HUD, DDS and NEMSCA.

The senior citizens of this community are a hard working, giving people. Their work as volunteers and their donations made the senior center what it was.

How many of you citizens have ever stopped and really looked at our seniors? They are a proud people working for their community, churches, the center, their families, and friends. They are here for peace and tranquil lives, some walk freely, some with canes, walkers, or are in wheel chairs, but all are willing to give and help. ### **Proclamation**

For nearly thirty-five years, the American Business Women's Association has been building a tradition based on its continuing efforts to provide opportunities for educational advancement to women. Business, economic, and social analyses indicate that as women continue to enter the work force and attain increasingly responsible positions, they will contribute to the betterment of business and communities.

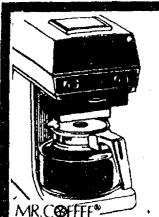

The members of the American Business Women's Association recognize that education and skilled training are crucial in today's technological society. Last year, ABWA's more than 2,000 local chapters awarded over \$2 million in scholarships to women. In addition, the Association's national scholarship fund has awarded scholarships surpassing \$2.5 million since its inception in 1953.

In salute to the more than 110,000 ABWA members for their supportive efforts in helping women advance through education and for developing an informed and responsible citizenry, I, Sandy Thompson, Mayor of the City of Grayling, Michigan, proclaim May 1984, ABWA EDUCATION MON-TH in Grayling.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the seal of the City of Grayling, to be affixed at Grayling, this 8th day of May, 1984.

### Chamber Chatter

By Joyce Kolka

A big "Thank You" to Mr. and Mrs. P.J. McNamara of Mac's and Grayling Pharmacy for taking the time to drive our "Miss Congeniality", Chris Larsen, in the Trout Festival Parade in Kalkaska.

The first weekend of the Mushroom Mania went very well according to Chairmen, Brian and Cindy Peacock of San-Sheri Restaurant and Campground. Prizes were awarded to 5 year old Matt Witkowski of Roscommon for being the youngest picker; to Mrs. Leland Perry of Higgins Lake for the most mushrooms (2 lbs.); Kenny Newberry of Frederic for finding the largest one and a prize was given to the Witkowski family who traveled the farthest. The following weekend should prove to be even better with more mushrooms as well as more entrants.

The Milltown Festival Committee again this year is asking for the community to dress up in old fashioned clothes. The Icehouse on Norway Street is ready to accept orders for the Milltown costumes. They are also well supplied with material and patterns for those who wish to make their own garb.

The official dates for Milltown are July 24-28 and the committee is looking for organizations to sponsor events, suppers and a Saturday breakfast. Posters are also needed. More information can be obtained from the chamber office.

An open house for the Logistical Support Facility at Camp Grayling will be held on Saturday, May 19th from 11:00 a.m. to 2:00 p.m. A good turn out from the community should be attending this fine event to show support for our local camp. They have given so much to Grayling and Crawford County. This is the least we can do for them.

### **Crawford County Transportation Authority**

April 1984 Report

April's transportation statistics demonstrate a seasonal shift in utilization patterns for both the Crawford County Dial-A-Ride system and Grayling McNamara Airport. The effect of the school's Easter recess, combined with the loss of winter recreational activities was an overall decline in Dial-A-Ride's April statistics was the increased senior citizen passenger count.

In spite of the fact that the number of business related flights into Grayling McNamara Airport declined during the month of April, there remained a significant number of air ambulance flights. It should be noted that none of the air ambulance flights were military related. Additionally, while two of the flights took accident victims out of the area, the purpose of the remaining flights was to bring a patient home for recovery. Crawford County Dial-A-Ride

# SATURDAY SCHOOL

Ronnie doesn't realize it...but right now, he's in school! Sitting on that warm rock with his dog and his trusty lishing pole, he's learning the ways of nature and the fun of living. There's hardly a minute, at home or at play, that he isn't learning something. And, of course, from Monday to Friday in the regular classroom, he studies man's accumulated knowledge and how to make use of it.

How about Sunday? Well, there's a lot of learning to be done on Sundays too, and it's the kind that helps a child to develop truth. honesty and integrity. The Church sets high standards for its young people...and youngsters love to be challenged! Church School encourages Ronnie to reach high and to strive for the best that's in him...so that he may become the man God meant him to be.

### **PUBLIC NOTICE**

Crawford County is proposing to make application to the Michigan Small Cities Community Development Block Grant Program, FY1984 for \$270,000.00 Grant. The \$270,000.00 is ninety percent (90%) of the Total cost of \$300,000.00 needed to place a clay cap on the portion of the Crawford/Otsego joint landfill that has become completely utilized. Placement of the clay cap and reclaiming the site to its natural state is a requirement of Public Act 641 and must be completed prior to licensing of the site now in use. The Block Grant Program limits the amount of Grand funds available to \$400,000.00 for Public Works Projects. The Counties of Crawford and Otsego must provide a collective match in funds of ten percent (10%) of the total project cost of \$30,000.00. This project will benefit all residents in both Otsego County and Crawford County and will not involve displacement of any individuals.

Anyone may come to the Crawford County Housing and Community Development Office between 8:30 a.m. and noon or between 1:00 p.m. and 4:30 p.m. Monday through Friday to make comments and or examine the proposed application. The Housing and Community Development office is located in the Crawford County Courthouse at the south end of Michigan Avenue in Grayling, Michigan. Comments may be telephoned in at 517-348-2841, Ext. 253. John B. Miller, Chairman Crawford/ Otsego Joint Landfill Board.

### SCHOOL CHOIR AT ARTRAIN - Mrs.

Peggy Emerick directs the Crawford AuSable Elementary School Choir in their opening day performance at Artrain. The audience enjoyed many musical selections as well as clever dance steps. The Artrain Committee thanks them, as well as Terry's Union 76 and The Chief Shoppenagons Hotel who were inadvertently omitted from the appreciation ad.

## The Crawford AuSable School District Report

By Nancy Lemmen Instructor, Spanish & Advanced Studies, **Grayling High School** 

While the American public school system has, in general, dedicated itself to serving the needs of the special education student, there is one type of special ed. child whose needs often go unmet: the gifted and talented.

Most Americans believe that the bright students do not need special attention in the classroom, that they will "get it on their own." This simply is not true. In fact, numerous studies have shown that gifted students have higher drop-out, substance abuse, and suicide rates than other student groups!

Since 1980, the Crawford AuSable School District has been moving to meet the special needs of its gifted and talented students. During the 1980-81 school year, a steering committee composed of interested citizens and school personnel was formed. The group developed a district philosophy of gifted/talented education and an identification process for students applying to the program.

The steering committee went on hold during 1981-82, the vear of budget cutbacks, and regrouped in 1982-83, during which time students at the elementary and secondary levels were identified for admission. The Advanced Studies Program went into operation in this 1983-84 school year.

Three very distinct programs have been offered at the elementary schools, middle school, and high school. The five advanced studies teachers continue to meet on a regular basis with Superintendent Kent Reynolds, the steering committee chairman, and Stan Delidow, C.O.O.R.'s gifted/ talented consultant, to assess effectiveness and progress during this pilot program year, and to formulate plans for the Advanced Studies' second year.

Meeting the needs of the gifted and talented is vital to the future of our society. The Crawford AuSable School District has accepted the challenge of providing the special services these students require, and is in the process of developing a unique and comprehensive program of which the community can be proud.
